June 11, 2019

Dear Southside Water Works Customer,

This letter is to inform you of new rates for water and sewer services that will go into effect August 1, 2019. On June 10, 2019, the Board approved the following rate adjustments:

0-2000 gallons (minimum charge): \$23.08 + tax  
Over 2,000 gallons: \$3.50 per thousand + tax  
Sewer rates will remain 100 percent of the water charge

These rate adjustments will not only cover escalating operating costs, but also help fund projects including the upgrade of existing infrastructure and adding a new well to our water system. Increased revenue is necessary to help ensure reliability and stability, and allow us to continue properly maintaining our water system.

Southside Water Works and Sewer Board is committed to managing these costs and staying efficient while upholding its commitment to a sustainable future. Our goal is to provide the best and most reliable service to our community.

The Board regularly meets the second Monday of each month at 3:00 PM at Southside Water Works and Sewer Board office at 3001 Highway 77.

Thank you for your understanding.
